

# Big User Stories:

## Daily Care Task Management

As a caregiver, I want to see a list of today's tasks, add tasks, and mark tasks as completed so that other caregivers know its done.

Priority: Very High

Cost: 4 days

## Medication Tracking & Adherence

As a caregiver, I want to see a list of today's scheduled medications, mark medication as taken, and record the time a medication was taken.

Priority: Very High

Cost: 4 days

## Shift Handoff & Care Communication

As a caregiver, I want to write a basic note about a shift so that the next caregiver has context

Priority: Medium

Cost: 4 days

## Oversight, Visibility & Boundaries

As a user, I want to be able to see a summary of all of today's events and I want to be able to keep my account secure by logging in with a email and password

Priority: Medium

Cost: 4 days
